Introduction

There are several usage of Flowchart and pseudocode, hence, I represented recipe of Sandwich with the help of two Basic and indispensable techniques, pseudocode, Flowchart as well.

Flowchart of Sandwich Recipe:-

Pseudocode of Sandwich recipe :-

Start

// ingredients

fillings [chopped onion = 2piece

carrot = 2piece

cabbage = 1/2piece

capsicum = 1/2piece

butter = 1tbsp

shredded cheese = 3tbsp]

items[chilly flakes, salt]

Bread = 2

//mixture

let add mixture of fillings in the bowl

and also add shredded cheese

//Take first bread for layout

lay down first bread and add shredded cheese

//add toppings

for each item place a filling on the bread piece

End for

//cover the first bread with second piece of bread

place second bread piece on the first piece which having fillings and cheese

//grill the sandwich

if it looks brown then take it off

else grill it for more few minutes

END IF

//Serve it

serve the sandwich in a dish with the sauces

END
